Sir:

This renewed petition is submitted in response to the Decision on Petition Under 37 C.F.R. § 1.47(a) dated January 24, 2006. The applicants' original petition was dismissed without prejudice. The applicants hereby request reconsideration. Submitted herewith is an executed declaration of inventor Villari and on behalf of non-signing inventor van Oijen (MPEP 409.03(a)(A)), translations of the search results in connection with the diligent effort in locating the non-signing inventor, and a Statement of Facts of the undersigned attorney regarding the searches and results.

The applicants hereby petition for a one-month extension of time to respond.
A check in the amount of \$120 (37 C.F.R. § 1.17(a)(1)) is enclosed herewith.

The decision on the petition raised three issues: (1) the declaration submitted under PCT Rule 26ter was not directed to the international application; (2) it was not clear that counsel had the firsthand knowledge required in connection with the searches relied upon to establish that a diligent effort was made in locating the non-signing inventor; and (3) the search results were submitted with portions in a foreign language, and without translations thereof.

It is submitted that the inventors declaration, the Statement of Facts by the undersigned attorney regarding the searches, and the translation of the searches submitted herewith, combined with the previous petition and submissions therewith, obviate the issues raised in the January 24, 2006, decision. Furthermore, reconsideration is requested on the additional basis that the non-signing inventor explicitly refused to join the application, in making a blanket refusal to sign any document for his former employer (see Statement of Facts by Christine Davids with previous petition, particularly paragraph 8).

Reconsideration of the dismissal is respectfully requested. On the basis of these facts and for the foregoing reasons, it is solicited that the petition can be granted.

Should the Petitions Attorney have any question of form or substance, he is encouraged to contact the undersigned attorney at the telephone number and address listed below.

Respectfully submitted,

MARSHALL, GERSTEIN & BORUN LLP

STATEMENT OF FACTS UNDER 37 C.F.R. § 1.47(a)

Mail Stop PCT
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

The undersigned hereby states as follows:

1. I make this statement to provide facts known to me concerning diligence in locating inventor Albert van Oijen in order for him to sign an inventor's declaration for the above-identified patent application.
2. In August of 2005, I conducted and supervised internet searches for a more current address for named inventor van Oijen, the correspondence sent to the last-known address having been refused.
3. Several internet searches in three different directories were conducted in an effort to locate a new address for Mr. van Oijen.

4. Exhibit A, with English-language translation, shows the first 25 results of a search for any last name having "oijen" in the Netherlands from the web site nationaletelefoongids.nl, which resulted in 544 hits.

5. Exhibit B, with English-language translation, shows the first 25 results of a more restricted search for any last name having "oijen" with a first letter "a" in the Netherlands from the web site nationaletelefoongids.nl, which resulted in 141 hits.

6. Exhibit C, with English-language translation, shows the results of another type of more restricted search, for any last name having "oijen" with a first name "albert" in the Netherlands from the web site nationaletelefoongids.nl, which resulted in zero hits.

7. Exhibit D, with English-language translation, shows the results of a more restricted search for any last name having "oijen" in the Afferden region of the Netherlands from the web site nationaletelefoongids.nl, which resulted in four hits.

8. Exhibit E, with English-language translation, shows the results for any last name having "oijen" in the Afferden region from the web site detelfoongids.nl, which resulted in nine hits.

9. Exhibit F shows the results for any last name having "oijen" in the Afferden region from the web site infobel.com, which resulted in four hits.

10. None of the searches I conducted located an address for an "Albert van Oijen" or anything reasonably similar.

Respectfully submitted,

MARSHALL, GERSTEIN & BORUN LLP
